- July 18th - Board Meeting @ 7 p.m. Location to be announced

50 Youth Brave the Cold at Spring Shanty Town

It was cold with dark clouds in the sky but 50 youth from Beloit and Edgerton braved the stormy weather to sleep outside in cardboard boxes for one night. They ate a soup kitchen style meal as they experienced one night as a homeless person.

Habitat provided the food and presented a program about safe affordable housing for people throughout the world.

During the question and answer session green building, carbon footprint, and area homelessness were discussed.

It was so rewarding to see the next generation of builders, community leaders, and corporate employees express their concerns regarding people in less fortunate circumstances.

The funds collected by the youth will be used to pur-

chase materials for the next Rock County Habitat build. They are helping to build a foundation for the future.

Safety Come First!

Remember to call before you dig. Underground natural gas leaks are caused most often by digging. Keep yourself and your neighborhood safe by calling Diggers Hotline before you dig.

Bike and Build is Coming

The past several years Bike & Build crews (college students on summer break) have come to Rock County and helped local agencies build or repair area homes.

Rock County Habitat is happy to announce that

they are returning again this year.

A Bike & Build crew will be in Janesville to assist Habitat. There will be a local connection again this year. Alexa Erck is a member of the crew that is expected to arrive in

Janesville between July 15th and July 17th.

If you are interested in meeting the Bike and Build crew or helping out on B&B/Habitat project call the office (608-754-1228) and join the fun.
